DOORS & WINDOWS ALUMINUM

QUALITY YOU CAN BUILD ON

ALUMINUM DOORS & WINDOWS

Engineered for strength, precision, and elegance — our aluminum doors and windows deliver lasting performance with a clean, modern aesthetic. Designed for multifamily, hospitality, and commercial projects, each system offers superior insulation, weather resistance, and low maintenance. With customizable finishes and profiles, we combine factory-direct pricing with architectural-grade quality, ensuring your projects stand out for both durability and design.

DOORS WOODEN

BUILD TO PERFORM . DESIGNED TO LAST

Crafted from premium solid and engineered wood, our doors bring warmth and timeless character to interiors. Available in multiple veneers, stains, and finishes, they blend durability with design flexibility. Ideal for hotels, apartments, and luxury homes, each door is built for acoustic insulation, strength, and long-term use — offering factory-quality craftsmanship at competitive pricing for large-scale developments

WINDOWS UPVC

PRECISION CRAFTMANSHIP. ENDURING VALUES

Our high-performance uPVC windows combine energy efficiency with modern aesthetics. Multi-chambered frames, double glazing, and precision seals ensure thermal comfort and noise reduction in any environment. Perfect for multi-family and hospitality projects, they provide exceptional value with minimal maintenance — built to withstand heat, humidity, and time.

FLOORING

/02

STRONG FOUNDATIONS. ELEGANT FINISHES

From elegant SPC and LVT to natural wood and porcelain options, our flooring solutions deliver style and substance. Designed to handle heavy foot traffic and moisture, each surface offers lasting beauty and easy installation. With direct partnerships across Asia, we help contractors and developers achieve luxury finishes at up to 50% savings, without compromising on quality or brand standards.

KITCHENS

WHERE DESIGN MEETS FUNCTION

Modular Kitchens & Cabinets

Our modular kitchen systems combine European design with global manufacturing precision. Every cabinet is crafted using moisture-resistant panels, soft-close hardware, and modern finishes to maximize function and style. We provide complete kitchen packages — countertops, fixtures, and accessories — tailored for hotel suites, apartments, and high-end residences. A seamless blend of form, function, and affordability.

BATHROOM & VANITIES

REDEFINED DETAILS. RELIABLE QUALITY

We supply complete bathroom packages — from vanities and mirrors to faucets, tubs, and accessories — designed for elegance and long-term performance. Our materials are moisture- and stain-resistant, meeting global standards for hospitality and residential use. Whether it's a modern boutique hotel or a multi-unit residence, our solutions ensure consistency, quality, and fast delivery.

Our guest room packages include casegoods, seating, lighting, wall décor, and soft goods — designed and manufactured to meet major hotel brand standards.

We work closely with clients and brand representatives from concept to delivery, ensuring the right balance of design, quality, and cost.

Every item is inspected and approved through our multi-stage quality process, guaranteeing consistency, precision, and lasting durability. Whether it's a boutique renovation or a 300-room development, Elite Edge delivers on time — every time.

SUNROOM

/05

Designed to blur the line between indoors and outdoors, our sunrooms and enclosures combine insulated aluminum structures with tempered glass systems. Ideal for both residential and commercial properties, they enhance natural light while maintaining energy efficiency. Prefabricated for quick assembly, these systems add premium appeal and property value with minimal construction time.

EXPANDING LIGHT. ENHANCING LIVING

LIGHTINGS

LIGHTINGS ILLUMINATE WITH STYLE & EFFICIENCY

ARCHITECTURAL & DECORATIVE LIGHTINGS

Our lighting collections are crafted to define ambiance and bring design to life. From statement chandeliers to task lighting and outdoor fixtures, each piece combines energy-efficient LED technology with modern design sensibility. We support full-scope lighting supply for hotels, residential complexes, and retail spaces — delivering a perfect balance of style, performance, and cost-effectiveness.
